*Improving Cancer Care  
One Oncology Nurse at a Time*

*2018*

## Oncology Nurses:

Caring, compassionate, and committed to providing the most skilled care to those patients who need them most. Thanks to you, our generous donors, when oncology nurses have needs, the Oncology Nursing Foundation is able to respond.

## One Focus:

The **mission** of the Oncology Nursing Foundation is to **Support Cancer Nursing Excellence.**

## More Than 35 Years of Commitment to One Mission: Oncology Nurses

\$27 million dollars have been invested into oncology nursing since 1981.

In 2018, oncology nurses received awards, grants, and scholarships to pursue ongoing education to conduct important cancer research, and strengthen leadership skills right in their home healthcare communities.

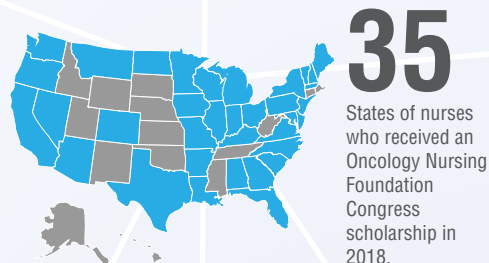

## Trusted and Transparent:

For more than 35 years, the Oncology Nursing Foundation has been dedicated to conducting itself with the highest ethical and transparency standards. For these efforts, the Oncology Nursing Foundation is recognized as a GuideStar® Exchange Silver Participant.

## A Solid Return on Your Investment:

In 2018, oncology nurses from 35 states received support to attend ONS Congress

The generosity of donors helped 111 nurses attend the 2018 ONS Congress, the world's leading professional conference for cancer nursing.

## Direct Impact:

Ensuring oncology nurses have access to resources that make educational, research, and leadership development opportunities a reality are at the core of our mission. Each of these awards, grants, and scholarships translate into improving cancer care—one oncology nurse at a time. You as a donor make this possible.

## Education:

- 34 Bachelor's Scholarships
- 41 Master's Scholarships
- 23 Doctoral Scholarships
- 6 Career Development Awards
- 111 Congress Scholarships
- 1 Student Nursing Scholarship
- 1 Chapter Membership

## Research:

- 10 Oncology Nurse Scientist Intensive Program
- 4 Research Grants
- 2 Dissertation Grants

## Leadership Development:

- 2 Scholarships

**235**

of the best and brightest oncology nurses were awarded funding from the Oncology Nursing Foundation in 2018.

## A Broad Impact:

Beyond the awards, grants, and scholarships awarded each year, investments in the Oncology Nursing Foundation make the **Mara Mogenson Flaherty Lecture** possible. This annual event allows more than 3,000 participants to learn from an internationally recognized leader on the psychosocial aspects of cancer care.

## A Path to Support:

The Oncology Nursing Foundation is a direct link for those who believe in helping advance cancer care through the oncology nurse. Without the generous support of you—our donors—the impact made on oncology nursing would be far less reaching.

*"As a recipient of a Congress Scholarship through the Oncology Nursing Foundation, I will be able to complete my professional goal of presenting my first poster presentation at a national conference this year. ONS Congress is a prestigious conference that is well attended by many expert speakers and resources. I feel honored to be able to participate in such an event and hope to enhance practices of others with my expertise while learning and disseminating information gained from Congress within my own organization."*

Karen Meade RN, BSN, CPAN® Ohio

**More than \$27 Million** has been invested into oncology nursing since 1981 thanks to donors like you.
